

# ENDOMETRIOSIS

AND COVID-19 LIVE WEBINAR

TUESDAY 5TH MAY 6PM

Join our expert panel for a free 60 minute Zoom WEBINAR on the impact of COVID-19 on endometriosis. Find out how and why NHS services are temporarily changing and more information on how the pandemic relates to endometriosis.

We will discuss:

- The impact of COVID-19 on NHS endometriosis services
- Treatment strategies to manage symptoms in lock-down
- Advice regarding fertility, pregnancy, and COVID-19
- The risks of COVID-19 and its relationship to endometriosis
- Live Q&A, or submit questions ahead of time
