

Parking with your Blue Badge

We are making parking near hospitals easier for Blue Badge holders.

This is so that you can park for longer without needing to top up your payment again.

20 mins

- If you display a valid Blue Badge in your car in the zone around this hospital, you just need to pay for five minutes for every hour you wish to stay. So for example, you can pay for 20 minutes and park for four hours.

4 hours

- You must not stay in the bay beyond the maximum stay and you cannot buy more than four hours of parking this way. You must pay for at least five minutes of parking.

- The hospital zone will be marked on-street with a “H” on the parking sign for that bay. You can see a map of the area overleaf.

1 hour

- This is a special arrangement around hospitals. In the rest of Kensington and Chelsea, if you display a valid Blue Badge, you will receive an hour's free parking after the paid for time.

More information on Blue Badge parking in Kensington and Chelsea can be found at:
